**Welcome Eva and Greg Popovich.** Eva & Greg have been in Saint Petersburg for about 5 years. They attend the

11:00 service on Sunday. Originally from Chicago and Pittsburgh, respectively, they settled in Santa Rosa, California where they were members at FPC. Eva grew up in the Disciples of Christ (Christian) church and attended Eureka College, a Disciples of Christ school.

Eva's career was in court reporting, transcribing the spoken record of the court. She is now retired and spends her time volunteering in various places in the church (choir, children's programming, Worship Committee and in the office). In addition, she has been a volunteer at the Salvation Army and also in a reading program through our Missions committee.

Greg was a forensic chemist in his first career, and now teaches chemistry at two colleges. He was a volunteer in the Assistant Dogs organization in California, and was involved their Santa Rosa church as an usher, among other things. Since becoming a chemistry teacher, he enjoys being a mentor to his students.

They have one daughter, Jaimie, who is assistant principal at Nova University Upper School. Her husband Rob is also a teacher of economics/history and is part of the college boards. They have three children – Ben, 18; Jack, 13; and Lucy, 11.

Eva and Greg both love to cook, travel, garden, read. Eva also loves music and singing in the choir. And, she just started playing the violin. They feel lucky to have a full and interesting life.

## What is Per Capita?

### ... and how you can help?

Each year, congregations in the PC(USA) pay a fixed amount per member (i.e., per capita) to support the mission and ministry of greater church (PC(USA)). This year, that per capita amount is \$30.98 per church member (\$61.96 per couple).

You can help our budget greatly if you consider writing an additional check to First Presbyterian Church to cover your per capita cost. Please notate on the memo line that it is for per capita. You can also use the online giving feature under MyFPC on the [FPC website](#).

Thank you!
